Version: 1.0

Issue date: 20240524

## Section 1. Product and Company Identification

**Product name** : 2-aminopropane;isopropylamine

### Manufacturer/Supplier

**Company** : Cairui Chemical technology (Shanghai) Co.,LTD  
**Address** : Room J4343, Building 4, Area B, No. 925, Yecheng Road, Jiading District, Shanghai

**Telephone** : 021-69110391  
**E-mail** : service@51ghs.com

**Emergency telephone number of the company** : 021-69110391

### Recommended use of the chemical and restrictions on use

**Recommended Uses** : /

## Section 2. Hazards Identification

### GHS classification of the product

|                                                  |           |
|--------------------------------------------------|-----------|
| Flammable liquid                                 | Category1 |
| Skin corrosion/ irritation                       | Category2 |
| Serious eye damage/irritation                    | Category2 |
| Specific target organ toxicity (single exposure) | Category3 |

### Label elements

#### Pictogram

**Signal word** : Danger

| Hazard statement         | Extremely flammable liquid and vapour<br>Causes skin irritation                                                                                                                                                                                                                                                                                                                                                                                                                             |
| Precautionary statements |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
| Prevention               | Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.<br>Keep container tightly closed.<br>Ground and bond container and receiving equipment.<br>Use explosion-proof [electrical/ventilating/lighting] equipment.<br>Use non-sparking tools.<br>Take action to prevent static discharges.<br>Wear protective gloves/protective clothing/eye protection/face protection.<br>Wash exposed skin thoroughly after handling.<br>Wear protective gloves. |
| Response                 | IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water [or shower].<br>In case of fire: Use carbon dioxide, dry powder fire extinguisher to extinguish.<br>IF ON SKIN: Wash with plenty of water.<br>Specific treatment (see section 4 on this SDS).<br>If skin irritation occurs: Get medical advice/attention.<br>Take off contaminated clothing and wash it before reuse.                                                                           |
| Storage                  | Store in a well-ventilated place.<br>Keep cool.                                                                                                                                                                                                                                                                                                                                                                                                                                             |
| Disposal                 | Dispose of contents/container in accordance with local/regional/national/international regulations.                                                                                                                                                                                                                                                                                                                                                                                         |

## Section 3. Composition / Information on Ingredients

|                                |         |               |
|--------------------------------|---------|---------------|
| Chemical nature                | :       | substance     |
| Components                     | CAS No. | Concentration |
| 2-aminopropane;isopropyl amine | 75-31-0 | > 99%         |

Parts 1-3 listed in this (M)SDS are compiled based on the hazardous chemical information table of the China Hazardous Chemicals Catalogue (2015 Edition). It is only applicable to mainland China. As

national regulations and standards will continue to be updated, parts 4-16 need to be compiled separately by us.

We provide the following services:

- 1. (M)SDS authoring service that complies with EU CLP, US OSHA, Japan, South Korea and other national standards;*
- 2. Audit the compliance of suppliers' (M)SDS for enterprises and help enterprise suppliers write compliant (M)SDS;*
- 3. (M)SDS translation service, supporting translation between 36 languages;*
- 4. GHS label production (36 languages).*
