[www.ghs-msds.cn](http://www.ghs-msds.cn)

Version: 1.0

Issue date: 20240524

## Section 1. Product and Company Identification

**Product name** : p-phthaloyl chloride

### Manufacturer/Supplier

**Company** : Cairui Chemical technology (Shanghai) Co.,LTD  
**Address** : Room J4343, Building 4, Area B, No. 925, Yecheng Road, Jiading District, Shanghai

**Telephone** : 021-69110391  
**E-mail** : service@51ghs.com

**Emergency telephone number of the company** : 021-69110391

### Recommended use of the chemical and restrictions on use

**Recommended Uses** : /

## Section 2. Hazards Identification

### GHS classification of the product

**Acute Toxicity---** Category3  
**Inhalation**  
**Skin corrosion/ irritation** Category1  
**Serious eye damage/irritation** Category1

### Label elements

#### Pictogram

**Signal word** Danger

**Hazard statement** Toxic if inhaled  
Causes severe skin burns and eye damage

### Precautionary statements

**Prevention** Do not breathe dust/fume/gas/mist/ vapours/spray.  
Use only outdoors or in a well-ventilated area.  
Do not breathe dusts or mists.  
Wash exposed skin thoroughly after handling.

|          |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
|----------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|          | Wear protective gloves/protective clothing/eye protection/face protection.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| Response | IF INHALED: Remove person to fresh air and keep comfortable for breathing.<br>Call a POISON CENTER/doctor.<br>Specific treatment (see section 4 on this SDS).<br>IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.<br>IF ON SKIN (or hair): Take off immediately all contaminated clothing.<br>Rinse skin with water (or shower).<br>Wash contaminated clothing before reuse.<br>Immediately call a POISON CENTER/doctor.<br>IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. |
| Storage  | Store in a well-ventilated place.<br>Store locked up.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| Disposal | Dispose of contents/container in accordance with local/regional/national/international regulations.                                                                                                                                                                                                                                                                                                                                                                                                                                                            |

## Section 3. Composition / Information on Ingredients

Chemical nature : substance

| Components | CAS No. | Concentration |
|------------|---------|---------------|
|------------|---------|---------------|

|                      |          |       |
|----------------------|----------|-------|
| p-phthaloyl chloride | 100-20-9 | > 99% |
|----------------------|----------|-------|

Parts 1-3 listed in this (M)SDS are compiled based on the hazardous chemical information table of the China Hazardous Chemicals Catalogue (2015 Edition). It is only applicable to mainland China. As national regulations and standards will continue to be updated, parts 4-16 need to be compiled separately by us.

We provide the following services:

- 1. (M)SDS authoring service that complies with EU CLP, US OSHA, Japan, South Korea and other national standards;
- 2. Audit the compliance of suppliers' (M)SDS for enterprises and help enterprise suppliers write compliant (M)SDS;
- 3. (M)SDS translation service, supporting translation between 36 languages;
- 4. GHS label production (36 languages).
